Subject - Coronavirus – Advice for schools and parents.

Dear Parents and Carers,

I am writing to give you updated information, guidance and reassurance with the ongoing Coronavirus and how it affects children and families at school. This is the latest advice from the DFE...

Advice for Parents/Guardians

You should not be unduly worried about the possibility of your children catching the Coronavirus. There is no reason why your children should not continue to attend their early years, school or further education setting as normal.

What action you can take

A UK wide campaign has been launched to provide clear advice on how to slow the spread of Coronavirus.

Please help to support the campaign which promotes basic hygiene practices, such as regularly washing hands and always sneezing into a tissue, to stem the spread of viruses.”

Posters have been placed around school for children and parents to follow these important guidelines.

We continue to follow advice from the government and Public Health England when it is updated, and if we need to pass this on to parents we will do so via letter or text.

If you have any further queries or worries, please do not hesitate to contact me via the school office, telephone or email.

Yours sincerely

Deborah Steen

Headteacher
