

Year 2

It has been a fun packed half term again in Year two, with some fantastic highlights. In particular, it has been a joy to see the children's enthusiasm for our History topic 'The Great Fire of London.' The children have created some expressive artwork and practised brilliantly for our Whole School Assembly. During our learning, firefighting crew visited and we had a tour of a fire engine, comparing this to the fire-fighting techniques used in 1666. We had fun recreating passing buckets down a long line to put out the blazing fire.

In Literacy we are reading the book Anna Hibiscus, by Atinuke. This is about a trip to an African seaside island. We have created and performed some wonderful poetry and this topic has linked nicely to our Seaside Snacks topic in Design Technology. Children have made a variety of snacks using all the important food groups to create a balanced menu. Snacks include, pepper boats, pinwheel sandwiches, fruit sculptures, frozen seaside drinks and edible cake decorations.
